CAREER OBJECTIVE

To contribute to the company's core values by using my diverse skills to collaboratively find solutions in designs that better serves the customers/clients. To participate in a creative environment while learning from coworkers and senior leadership.

WORK EXPERIENCE

Library Technical Services

 March 2020 - Current

Skagit Valley College

 Mount Vernon, WA

Responsible for acquisitions in purchasing all physical and electronic books, periodicals and department supplies. Maintains and processes books on library databases.

Troubleshoot database issues and assists in library website maintenance.

Initiated and organizes the library's social media for both campuses. Have grown and increased followers.

Planned and created a Maker Space for students to be able to access audio/visual and filming equipment, design software and hardware, binding, 3D pens, and assortment of crafting equipment and supplies. Provide large-format printing and lamination for students and staff.

Piloted building the foundations for the use of Virtual Reality to supplement learning resources for students and faculty. Providing both gaming spec computers and stand-alone VR equipment and content.

Advising the student-run Film club. Providing the equipment, space and resources for learning all aspects of film production.

I.T. Helpdesk & Media Services

 March 2014 - March 2020

Skagit Valley College

 Mount Vernon, WA

Team lead for all aspects of Media Services including filming and livestreaming college events. Satisfying the viewers' experience by improving, updating, and integrating better hardware and software for filming, editing, and design.

Organized and set up livestreaming for the athletics department for developed indoor and outdoor options to stream their games.

Created posters and flyers for staff and printed using both large format printers and high-output HP printers.

Trained and supervised student employees for the I.T. Help Desk, Media Services, and to set up audio visual equipment for faculty and staff.

Administration

 February 2019 - March 2020

Hillcrest Haven AFH

 Mount Vernon, WA

Facilitated starting and building the Adult Family Home business, creating and maintaining policies for employee hiring, payroll, scheduling, resident intake, care, DSHS, L&I and more. Processed payroll for employees, billing of residents, and basic bookkeeping. Integrated and organized a filing system for both paper and digital files from the ground up.

Designed forms for tracking caregiving and medication of residents, tasks for employees and more. Created and kept up the webpage, social media pages, and marketing brochures.
